

OSTA MEMBERSHIP APPLICATION

OSTA has been educating, empowering, and advocating for park and marina tenants for over 40 years. In 1977, the Oregon State Tenants Association was established to influence Oregon Landlord/Tenant Statutes. In 2010, OSTA became Manufactured Housing/Oregon Tenants Association, a non-profit organization continuing to fight for tenants' rights. In 2019, with the passing of laws which brought floating home tenants under the purview of Oregon state programs and services, OSTA grew to add marina tenants to their membership and became **OSTA – Manufactured & Floating Home Communities**.

Today, park and marina tenants are stronger than ever, having fought for and won many of the rights we enjoy now, including:

- Forming a residents' organization
- Objecting to proposed rule changes
- Receiving written notices of any rent increase, rule violation, and entry onto your space
- Expecting the park or marina to be a safe and healthy environment

As an OSTA Member, we pledge to continue the fight, to exercise the rights we have, to stay current on issues that affect our parks and marinas, and to stand side-by-side as neighbors.
